Mon, 16 November

Dear Candidate,

Thanks for registering with Sunlife, your Software Development Engineer Role Recruitment is taken into next step i.e. Online Assessment.

Please find below the test link and login credentials for attending Sunlife test.

- Test Link
- <https://a.hirepro.in/ac/YSY9> User
- Name: sunlife878236775478
- Password: 6774344ds

Date of Test: 18th November 2024

Test Start Time Validity: 11:30AM to 12:00PM (30 Min Login window)

Test Duration: 3 hrs

System Requirements for taking the Test:

- You will need a webcam and microphone enabled laptop or desktop to take the test. **DONOT** try to take the test on a mobile device.
- Please use updated latest version of Google Chrome (latest Version - excluding Beta Version) for best performance. Please ensure your system "Clock" time and "Date" is updated and synced with your location time zone.
- Minimum hardware requirement: RAM- 4GB, Processor- i3 dual core 2.2Ghz 5th Generation or equivalent/higher.
- Please ensure that the minimum speed of your internet connection is 2Mbps (Both Upload & Download speed should be 2MBPS or More).
- Preferably use LAN or Wifi to connect your system to the network.
- Please close all background applications which may have any system pop ups (Outlook, other email clients, Anti-virus, Instant Messengers, News-Notifications, Other browsers / tabs etc).
- Please ensure that Microphone and Webcam are connected to the system & access is allowed in the browser.
- If blocked, follow these steps: Go to Chrome -> Settings -> Advanced -> Privacy and security -> Content Settings -> Enable Microphone and Camera.
- To verify system readiness, click on this link
- <https://ans.hirepro.in/assessment/#!/compatibility/sunlife> Camera Check Link
- <https://webcamtests.com/>
- Microphone Check Link: <https://www.onlinemictest.com/>

Instructions for the test:

- Make sure you are in a stress free environment with no disturbances and ample time in hand before starting the test.
- Keep your laptop plugged to main power while taking the test.
- This test is video & audio proctored. During the test your video and audio is recorded and analysed to maintain integrity of the test. **DONOT** attempt to cheat in any way or you will be immediately disqualified.
- Access this test in a well-lit and quiet environment. Ensure that you are facing towards the light source.
- While taking the test do not move away from the test window to any other application without submitting or completing the test. The test will be automatically submitted if you try to move out of the test window repeatedly.
- You need to complete the test in one sitting. If you logout for any reason (even if by mistake) you will not be able to retake the test.
- Keep a pen-paper handy for rough work. Use of calculators, mobile phones is not permitted.
- Once you are ready, click the test link given above, enter your user id & password and click on the Login button.
- The page will check for camera, browser and microphone availability and compatibility. Once all are OK, you will be prompted to take a selfie.
- Take a selfie by clicking on the Camera button. Click on the Continue button after taking a selfie where your face is clearly visible.
- The page will load with the Test details & Test Instructions. Read and understand all of them carefully.
- There will be a check box with "I Agree to the Terms and Conditions". Once you check this, the Start Test button will be enabled. Click on the "Start Test" button to start taking the test.
- This is a timed test with the countdown timer shown at the top of the page.
- Once you reach the last question, the "End Test" button will be enabled at the bottom of the page. Once you have answered the questions you can submit your test. Confirm by clicking on "I am done with the test" button.
- Once you submit the test you will be shown a completion message and can safely close the browser window.
- **Make sure to restart your machine & internet connection before you start the test.**
- **Please close all the unnecessary applications, and disable all Chrome extensions.**

Note: The login credentials can be used only 1 time. Also, please go through the instructions listed on the login page thoroughly before starting the test.
